LASER CONSULTATIONS WITH A DERMATOLOGIST

All our doctors are Consultant Dermatologists with over ten years of dermatology experience and are on the GMC Specialist Register for Dermatology.

Consultant dermatologist initial consultation (includes laser test patch) £240

Laser, surgery, and doctor treatments require an initial consultation.

Self-pay hair, tattoo, botox and filler treatments with the nurses do not require an initial consultation with a consultant dermatologist, but you are welcome to book in for an initial consultation if you would like to discuss your treatment with a doctor.

Consultant dermatologist follow-up appointment £210

Unless otherwise stated, the relevant treatment fee will be payable instead of this fee if treatment is performed.

REPEAT PRESCRIPTIONS

We will review your records and issue a repeat prescription. You may be asked to book an appointment prior to a prescription being issued, depending on the prescription and the circumstances.

Repeat prescription £25

TREATMENTS

If several treatments are performed at the same appointment, each individual treatment will be charged separately unless they are bundled as described below.
